patents **Patents**Patents **1 - 5** on **factory question different industry sector area**. (0.05 seconds)» **List view**[Cover view](#)**Air film supported endless belt conveyor system**

US Pat. 4550823 - Filed Oct 10, 1984 - E. B. Eddy Forest Products, Ltd.
 For example the **question** of stability suggests that a two-track conveyor is ...

» **Sort by relevance**[Sort by date \(new first\)](#)[Sort by date \(old first\)](#)

on a 60% open 10 foot experimental track made from a standard pipe **sector**. ...

[APPLICATION] Method and system for reducing energy costs in an industrially operated facility

US Pat. 10565950 - Filed Jul 27, 2004

For example, the individual steps can be carried out by **different** persons with

... process sequences can be viewed as independent of the **sector** of **industry**,

...

» **Any status**[Issued patents](#)[Applications](#)**Air film supported and guided load support member**

US Pat. 4489825 - Filed Oct 2, 1978 - E. B. Eddy Forest Products, Ltd.

For example the **question** of stability suggests that a two-track conveyor is desirable ... wear and economy dictated by a competitive and demanding **industry**.

...

Deformable load support member having a transversely stiff core

US Pat. 4687079 - Filed Feb 13, 1986 - E. B. Eddy Forest Products, Ltd.

For example the **question** of stability suggests that a two-track conveyor is ...

on a 60% open 10 foot experimental track made from a standard pipe **sector**. ...

[APPLICATION] Channel equalization system and method

US Pat. 11064600 - Filed Feb 23, 2005

The **area** can be home, **factory** or moving unit (plane, train, boat, vessel, . . .

This can be easily understood as home represents the largest **sector** and it ...
